Honors-Awards

1st Place at the 35th Annual
Stanford Invitational in JV Impromptu
4th Place at John Lewis SVUDL
Invitational in Impromptu
10th Place in DECA Silicon Valley
Career Development Conference
Bharatanatyam Arangetram in 2018
(Solo Indian Classical Dance Debut)
5th Place at DECA State Career
Development Conference

Avantika Thiruppukuzhi

Loads and Dynamics Intern @ SpaceX | Mechanical Engineering @
Purdue University
San Jose, California, United States

Summary

Mechanical engineering student at Purdue University originally from San Jose, California.

Experience

SpaceX

Loads and Dynamics Engineering Intern
May 2026 - Present (3 months)
Redmond, WA

ASME (The American Society of Mechanical Engineers)
2 years 3 months

Director of Industrial Relations
May 2025 - Present (1 year 3 months)

Vehicle Performance Lead @ ASME Grand Prix Team
May 2025 - Present (1 year 3 months)

University Relations Lead
January 2025 - May 2025 (5 months)

CAD Milestones Lead
May 2024 - December 2024 (8 months)

Purdue Mechanical Engineering Ambassadors
Mechanical Engineering Ambassador (Professional Development Committee)
January 2025 - Present (1 year 7 months)

GE Appliances, a Haier company
Washer Systems Engineering Co-Op
May 2025 - August 2025 (4 months)
Louisville, Kentucky, United States

EPICS Indianapolis Motor Speedway Museum (Speedway)
Design Lead for Wind Tunnel Team
August 2024 - December 2024 (5 months)
West Lafayette, Indiana, United States

Seaside Sustainability (nonprofit)
Blue Technology Intern
July 2024 - December 2024 (6 months)

EPICS Aero and Astro Engineering Education (AAEE)
Project Archivist
January 2024 - May 2024 (5 months)

Current Project Archivist for the Hydraulic Arms Team in EPICS AAEE. We are currently designing a model hydraulic arm activity for Purdue Space Day in Fall 2024. The project is a model hydraulic arm claw that uses syringes and 3D printed parts to pick up objects and be able to rotate 360 degrees. I help research materials for the design and plan the activity for Space Day while managing all team documents.

EPICS Conservation
Design Lead
August 2023 - December 2023 (5 months)
West Lafayette, Indiana, United States

Design lead of the Stairs team on EPICS (Engineering Projects in Community Service) Conservation. Our partner was Niches Land Trust and we constructed a staircase for them on a trail in Clegg Memorial Gardens. Utilized Autodesk Fusion 360 to enhance the CAD model for the staircase we constructed. Built and delivered final staircase using power drills, miter saw, table saw, and circular saw which strengthened my experience in engineering machinery. Presented weekly "PIGS" (Progress, Issue, Goals) of project to the class.

Insight Education
SAT/ACT Practice Exam Proctor
June 2023 - August 2023 (3 months)
Cupertino, California, United States

Supervised groups of 20+ students during SAT/ACT summer boot camps at Insight Education. Proctored SAT/ACT practice exams.

NorCal Robotics
Instructor
June 2022 - July 2022 (2 months)

Instructed and taught students grades 6th -9th CAD and 3D modeling skills as well as taught public speaking skills to students grades 3rd-5th.

Education

Purdue University

Bachelor of Science - BS, Mechanical Engineering · (August 2023 - May 2027)

Lynbrook High School

High School Diploma · (August 2019 - June 2023)
