Brynn Bauer

Sophomore Mechanical Engineering Student at Purdue University
United States

Summary

I'm a sophomore studying Mechanical Engineering and a member of the Honors College, where I'm encouraged to explore interdisciplinary work and expand my perspective beyond traditional engineering boundaries. I'm also pursuing a minor in Design and Innovation, which allows me to combine technical problem-solving with creative thinking. I'm passionate about designing solutions that make a meaningful impact—whether it's improving everyday experiences, optimizing systems, or contributing to technologies that support a more sustainable and equitable future. I enjoy applying engineering fundamentals, hands-on design skills, and collaborative teamwork to projects that challenge me to think differently. I'm continually looking for opportunities to grow, contribute, and use my knowledge to help build a better future.

Experience

Purdue University College of Engineering
Undergraduate Teaching Assistant
August 2025 - Present (1 year)
West Lafayette, IN

Undergraduate Teaching Assistant for ENGR 16100/16200 (Honors Introduction To Innovation And The Physical Science Of Engineering Design)
-Support students during weekly office hours by clarifying concepts, guiding problem-solving, and addressing individual learning needs
-Evaluate weekly homework assignments; design projects; and exams; providing constructive feedback to promote student growth and understanding
-Contribute to the course validation team by helping develop and verify accurate answer keys for homework assignments

Julian Electric Inc.
Product Engineer Intern
May 2024 - August 2024 (4 months)
Lockport, Illinois, United States

- Assisted Design team in automating the computer-aided cable design process
- Completed projects to update process sheets and aid organization and efficiency in various areas of production
- Created 3D Cable Isometric Image library using AutoCAD (3,000+ parts)

Education

Purdue University College of Engineering
Engineering · (August 2024 - April 2028)

Hinsdale Central High School
High School Diploma, High School/Secondary Diplomas and
Certificates · (August 2020 - May 2024)
