Pooja Nadiger

Computer Engineering Student at Purdue University
Aurora, Illinois, United States

Experience

Cloud 9 Infosystems, Inc.

Cloud & AI Intern

June 2025 - Present (1 year 2 months)

Illinois, United States

Developed intelligent AI agents using Microsoft Copilot Studio, integrating tools like Outlook, SharePoint, and Excel to automate business workflows and improve user experience.

Worked with Azure AI Search to implement semantic and vector search capabilities, enabling efficient knowledge retrieval from enterprise data.

Gained hands-on experience with various Microsoft Azure services, including Azure Blob Storage, Logic Apps, and Power Platform.

Education

Purdue University College of Engineering

Bachelor of Engineering - BE, Computer Engineering

Metea Valley

· (August 2020 - May 2024)
