Debarya Saha

Computer Engineering + Math @ Purdue University - West Lafayette
| AIDA3 UGR | AI/ML Researcher
Naperville, Illinois, United States

Summary

I'm a junior Computer Engineering student at Purdue University – West Lafayette interested in machine learning, quantum computing, and mathematics. I am a current undergraduate AI/ML researcher on the AIDA3 program. Beyond academics, I'm an active member of Purdue Kahaani -- Purdue's nationally ranked premier Bollywood-Fusion dance team. Feel free to reach out. saha97@purdue.edu

Experience

AIDA3 Purdue

ML/AI Researcher

March 2025 - Present (1 year 5 months)

West Lafayette, Indiana, United States

Researching UAV autonomy and real-time localization using machine learning, geospatial mapping, and air-traffic data analytics.

Johnson & Johnson

UI Engineer

August 2025 - Present (1 year)

West Lafayette, Indiana, United States

- Using Python, R, and Shiny to build a front-end interface for predictive analytics within the Go/No Go framework for clinical trials.
- Collaboration with Purdue's Data Mine program

Self-employed

Freelance Photographer

June 2022 - Present (4 years 2 months)

Chicago, Illinois, United States

- Conduct car photoshoots for philanthropists and enthusiasts, ensuring high-quality images that highlight the unique details and aesthetics of vehicles.
- Capture professional and social media portraits tailored to individual needs, delivering polished, client-focused results

- Produce promotional photography for brands and events, creating visually appealing content for marketing and advertising purposes
