Deel is the first global payroll platform for remote teams that connects localized compliance and payments in one system of record and automates everything. It's growing fast and is hiring globally: <https://jobs.ashbyhq.com/Deel/>

Deel investors include Andreessen Horowitz, Spark Capital, Y-Combinator and renowned angels.

Deel acquired Zeitgold in July 2021.

Zeitgold (acquired by Deel)
Co-Founder and CEO
2015 - Present (11 Jahre)

Berlin, Deutschland

Zeitgold frees small businesses from paperwork. By combining experts and artificial intelligence, the company offers an end-to-end solution for managing the financials of cafés, restaurants, small retailers, and craftsmen. Zeitgold empowers the owners to get bookkeeping, payroll, invoice payment, collections and coordination with the tax advisor done in less than 10 minutes per day on their smartphones, saving around 10 hours per week.

The company was founded in 2015 and is based in Berlin. Co-founders Stefan Jeschonnek (MBA, Stanford) and Jan Deepen (PhD, WHU) previously co-founded fintech startup SumUp. At Zeitgold, they teamed up with Kobi Eldar (8200 alum), who led a cybersecurity unit in the Israeli Defense Forces and had leading roles in several Israeli tech companies.
