Surya Widi Kusuma

Building great software
Jakarta Metropolitan Area

Summary

Full-stack engineer that's obsessed with crafting the perfect user experience.

Experience

FounderBlocks

Product Engineer

September 2018 - Present (7 years 11 months)

Germany

- Built web apps and mobile apps for early stage startups and businesses in Germany
- Launched new features or a new app for the customer in days or weeks to ensure tight feedback loop
- Technologies used: React, Angular, Flutter, Laravel, Django, PostgreSQL, MySQL, Docker, AWS

Arxist

Co-Founder / DevOps Engineer

May 2018 - December 2023 (5 years 8 months)

Tangerang

- Arxist.com is a platform for creators to share their works, get freelance work, and accept donations
- Received funding from government student entrepreneurship program
- Built CI/CD that automatically build, test, and deploy web apps to enable short release cycle
- Technologies used: Google Cloud, AWS, Docker Swarm, GitLab CI, Laravel, MySQL, Angular

Wikimedia Indonesia

Software Engineer

September 2018 - May 2019 (9 months)

Jakarta, Indonesia

- Developed an automation & backend for managing reimbursement submissions

- Enabled the company to accept & pay employee reimbursement in a more efficient way
- Deployed in serverless computing so it's infinitely scalable and has near zero cost
- Technologies used: Node.js, GitLab CI

Wahana Medium Cendekia

Software Engineer

February 2018 - July 2018 (6 months)

- Developed an automation & backend for managing funding for artists
- Enabled the company to accept thousands of submissions efficiently
- Deployed in serverless computing so it's infinitely scalable and has near zero cost
- Technologies used: Node.js, GitLab CI

CONCEPT PHOTO

Software Engineer

July 2017 - August 2017 (2 months)

Serang Area, Banten, Indonesia

Created a progressive web app to manage studio bookings using Laravel and Vue.js. The web app is able to be operated while offline to better handle bad/intermittent internet connection.

Education

Universitas Multimedia Nusantara

Bachelor's degree, Information Systems
