Chantel Tapia

Third-year Neuroscience and Education student at UC Berkeley
Oxnard, California, United States

Experience

OXNARD CARDIOLOGY MEDICAL GROUP

Cardiology Intern

May 2026 - Present (3 months)

Oxnard, CA

Research Preparation Lab - UC Berkeley

Research Intern

February 2026 - Present (6 months)

Berkeley, CA

Skeletal preparation

mRNA linearization

mRNA&sgRNA transcription

Rehydrate embryos from ethanol → PBS

HCR imaging

Plasmid purification

PTw washes

Riboprobe synthesis

In situ hybridization (hybridization chain reaction, colorimetric)

Drosophila dissection

Antibody staining (immunofluorescence, horseradish peroxidase)

Neurotech@Berkeley

Course Content Creator

September 2025 - Present (11 months)

Alzheimer's Association®

Learning Facilitator

August 2025 - Present (1 year)

Ventura County, California, United States

- Attended monthly support group meetings for those with memory loss and their care partners

- Developed a significant understanding of medical terminology related to Alzheimer's, Dementia, and medication

- Assisted by facilitating support groups meant for Spanish-only speaking patients with Alzheimer's or Dementia
- Honed ability to respectfully and efficiently interact with patients with Alzheimer's or Dementia

Westminster Free Clinic

Medical Intern

July 2025 - September 2025 (3 months)

Oxnard, California, United States

- Documented medical history of 100+ patients without health insurance
- Assessed vitals for 100+ patients
- Translated from English to Spanish for most patients to communicate with doctors and vice versa
- Acquired knowledge of a colossal of medical terminology and various medications and their uses
- Recognized high/low blood pressure and high/low glucose
- Analyzed patient laboratory results with a nurse
- Assigned patients to new student volunteers
- Served as a preceptor to new student volunteers; taught them how to interact with patients, how to translate medical terminology into Spanish, the appropriate way to present a patient case to a doctor, and bedside manners

Raíces Recruitment and Retention Center

K-12 Recruitment and Development Fellow

February 2025 - August 2025 (7 months)

Berkeley, California, United States

- Collaborated with others to execute a new initiative to provide 8th-grade students with the tools and confidence to succeed in high school and higher education.
- Assisted with coordinating Senior Weekend, a multi-day program that allows low-income, first-generation Latine high school seniors to visit our campus and learn about what resources are available to them
- Informed high school seniors about different sectors of finances for a college student, such as financial aid, credit/debit cards, savings vs. checking accounts, and a student budget through a presentation

Latin American Leadership Society at Berkeley

Current Affairs Intern

February 2025 - May 2025 (4 months)

Berkeley, California, United States

Latinx Business Student Association
Community Affairs Intern
February 2025 - May 2025 (4 months)
Berkeley, California, United States

Youth and Family Civic League
Project Facilitator
September 2023 - August 2024 (1 year)
Ventura County, California, United States

I co-founded and co-led the Youth and Family Civic League which is a youth-led, nonpartisan voter registration project that helps increase voter turnout from citizens of color in our community who don't have the habit of voting instilled in their families, empowers clients to learn the mechanics of voting and be civically engaged while giving our team valuable work experience. To help fund the project, our project facilitators applied for two local grants and secured both. Both grants provided different trainings such as grant writing, which prepared me to apply for grants in the future and hopefully have a successful outcome. I attended a workshop for nonpartisan voter registration practices and learned about how different levels of government affect the lives of experienced/new voters and their families. I dealt a lot with the finances of our project ensuring proper use of grant money to help prepare our team for the election season. We held get-togethers with our team to watch forums and debates of local, state, and federal candidates and gather information about them. The information would then be presented to local voters in a nonpartisan way, aiding them in making an informed decision. The project would help raise the number of voters in our community, a lot of which are first-generation voters of color.

Central Coast Alliance United for a Sustainable Economy (CAUSE)
Civic Engagement Phone Banker
July 2024 - July 2024 (1 month)
Oxnard, California, United States

I engaged in meaningful conversations with voters across Ventura and Santa Barbara counties about the dangers of oil and gas drilling in our communities. I practiced active listening and appropriate tone usage when speaking to voters. While some voters hesitated to stay on the phone or disagreed with the information I was giving them, I often found ways to help them see the problem through a different lens. During phone conversations I would casually ask voters a few questions and record their responses.

Westminster Free Clinic
Student Manager
April 2021 - May 2024 (3 years 2 months)
Oxnard, California, United States
